Title:

THE INFLUENCE OF MORAL IDENTITY OF RELIGIOUS AND FARMING GROUP CONFIRMITY WATCHING THE VIOLENCE IN TELEVISION ON AGGRESSIVE BEHAVIOIR (IN INDONESIAN CHRISTIAN UNIVERSITY STUDENTS)

Authors:

RENATHA ERNAWATI

Institutions:

CHRISTIAN UNIVERSITY OF INDONESIA

Content:

This study aims to prove the influence of variable moral indentity. Peer group conformity, and the penchant for watching violent television shows on aggressive behavior. The research population is Christian University of Indonesia (UKI). The type of statistics used is parametic, to be descriptive using the mean standard deviation, correlation and reliability. Data analysis using multiple regression is to see the relationship and contribution of variables X1,X2,X3 and Y. the sampling technique in an accedential way is to determine the sample by selecting groups that are suspected as members of the sample. With the formulation of the hypotesis (1) there is a negative an significant influence between moral identity on students aggressive behavior, (2) there is a significant negative influence between peer group conformity that negatively affects students aggressive behavior, (3) there is a significant positive influence between penchant watching television violence on students aggressive behavior.
